Parent / Guardian

Dear Parent/Guardian

Disability Index of children and young people with special and particular needs

- Do you have a child with additional needs?
- Are you unsure what services and activities are available to you and your child?

By adding your child to the Disability Index, you will receive our quarterly newsletter 'the index', packed full of information on playschemes, events, groups, benefits and much more. You can also contact the Index Administrator if you would like specific information, for example a particular sports club that can cater for your child's needs, or who to talk to/contact about your child's education.

The Disability Index is a record of children with additional needs in the Vale. It gives a picture of the type of disabilities children have and helps departments such as social services, health and education, plan their services for children more effectively. The Index is completely voluntary and confidential. Your child must receive Disability Living Allowance (DLA) to be added to the Index.

Register with Rhian Phillips, Index Administrator Tel: 01446 704736

You can find out more information on our website:

www.valeofglamorgan.gov.uk/disabilityindex

or email: disabilityindex@valeofglamorgan.gov.uk

New directory of services for children with additional needs

The Family Information Service (FIS) has developed their Family Support Directory, to include a specific section on services, groups and activities for children with additional needs. www.valeofglamorgan.gov.uk/familysupport

Best Wishes
