

UPDATE 26-8-20

Following the updated guidance provided by WAG on the 26-8-20 and the advice of the Chief Medical Officer as written below:

The current advice from the Chief Medical Officer for Wales is that face coverings are recommended for all members of the public over 11 years in indoor settings in which social distancing cannot be maintained, including schools and school transport.

It has been decided that for the safety of all stakeholders all pupils and staff in corridors and communal indoor areas and as stated previously on school transport must wear face coverings.

It is not currently our expectation that all pupils will wear face masks during lessons but we will update you if we have any further guidance.
