Dear Parent/Guardian

**Re: purchase of uniform/equipment**

As many of you will be starting to think about the purchase of uniform for September, please be reminded that the uniform requirements are on p35 of the handbook. (An electronic copy is on the Year 6 transition section on the front page of the school website.)

With regard to PE kit, due to the probability of an adjusted PE curriculum in the Autumn term we advise Year 6 parents that they should only purchase indoor kit in the first instance, and then we can advise when other lessons will take place eg swimming, rugby etc. The indoor kit includes trainers, school navy polo shirt, and navy leggings or shorts. (see p37 in the school handbook for details.)

In addition, your child should also have a pencil case with the following items: pencil, blue or black pens, green pen, rubber, ruler, protractor and compasses (or a geometry set). Your child will also need a scientific calculator for maths and science. We recommend purchasing one with a 'text book' style display, such as the Aurora AS-595 or Casio fx-835GT. These are generally sold at a reduced price in major supermarkets before the start of term.

A homework diary and school books will be provided.

Yours faithfully

Leanne Pownall  
Deputy Headteacher
